

Desktop Range DeskCabby

DeskCabby fits neatly on a desktop while still offering room for up to 12 USB - powered tablets, making it an ideal charging (DeskCabby Charge Only) and or charge and sync station (DeskCabby Charge & Sync) for your office or classroom.

Stack up to three DeskCabbys on top of one another to maximise your storage space, or just use one to tidy away your stray devices. You can even connect your stacked DeskCabbys, which means you can charge and sync up to 36 tablets all at once using Cambrionix technology.

Desktop Range Highlights

- ✓ Comprehensive safety testing – to the highest worldwide standards
- ✓ Secures and charges 12 USB-powered tablets

New thinking in ICT storage

4. Individual vertical charging compartments accommodate tablets with and without cases including Otterbox, Griffin Survivor and Folio cases

5. LED lights show charging and syncing status (red when charging, green when fully charged, blue when syncing) and are visible when the perforated door is locked

6. Lockable rear power compartment contains USB ports and cables are fed from the back through to the front in a purpose-designed cable management system

7. Cables cannot be removed from the front of the unit, preventing cables from going missing. Charges and syncs devices using the cable supplied with the device, not inferior cables that aren't designed to last

8. Lockable steel door that's retractable when unlocked, allowing full access to devices

9. Inset handles on each side allow easy lifting and moving

10. Can be bolted down to secure in place

11. IEC power cables plug into the mains and are designed to snap out if pulled away from the wall, preventing damage to the unit or any nasty trips

12. Case can be closed and locked during charging, as devices will be kept cool by an internal fan

13. DeskCabby Charge & Sync is compatible with any USB powered mobile device, including iPads, Android tablets and e-book readers. Cambrionix U12S technology allows simultaneous synchronisation of all devices whilst connected. Devices of the same type can all be synchronised in one go, saving you time when deploying apps and content. Easy to install firmware updates ensure your DeskCabby can charge and sync all the latest tablets, making it future proof. iTunes and Apple configurator enables you to sync your apps, media and usable content from your office, home or classroom. Our Intelligent charging allows you to charge multiple types of devices at the same time whilst ensuring connection stops automatically for each device once fully charged.

Materials	Laminated ply cladding, aluminium extrusions
Finishes / colours	LapCabby loves a splash of colour! Classrooms are colourful - why put up with a black or grey square box? DeskCabbys are available with blue doors
Safety	All products are tested to the highest standard worldwide. USA: UL 60950-1/R:2011-12. Canada: CAN/CSA C22.2 No. 60950-1/A1:2011-12. Europe: EN 60950-1/A12:2011. Safety testing is a high priority to LapCabby. We don't release any products unless the unit has been completely certified including electrics, materials, construction and components. Leading safety testing house we test the normal operating conditions of the product but also for faults, misuse, temperature, fire risk, electric shock and injury
FREE shipping	All our prices INCLUDE shipping! (For UK and US only)
Fully assembled	Our products are delivered fully assembled. Or as we say ready to roll
Future proof	U12 USB board allows for firmware updates which means as you update your devices, you can do so with confidence that your product will still be compatible with upgradable firmware built into the board
Cable management & ease of wiring	Cables cannot be removed from the front of the unit, preventing cables from going missing. Charges and syncs devices using the cable supplied with the device, not inferior cables that aren't designed to last
Usable top surface	Yes
Testing certifications	 Safety tested to the highest level worldwide
Lifetime warranty	Lifetime warranty on all products and components, 2 years warranty on electrics. Product support for life! LapCabby offers the best warranty on the market (with no small print to consider. We make it easy to understand and we support our end users for the life of the product!)

About LapCabby

Clever technology solutions that tick all the boxes.

For twenty years we've been developing innovative products that our customers love. We make portable storage trolleys and charging solutions for laptops, tablets, e-readers, Chromebooks and netbooks. They're the smart way to keep your tech safe, charged, and in one secure place.

Developed over two decades with the help of customers and technology users, we've included some really ingenious features to ensure our products do everything you need them to – and a little more besides. Our trolleys are used everywhere, from schools, libraries and museums to restaurants and even laboratories, so wherever you are our products are sure to make a difference.
