

16, 20 & 30 Bay Laptop Storage & Recharging Carts

- Lightweight and portable
- Vibrant colours & stylish design
- Easy to use, neat and tidy cable management
- Power management & timer facility
- Low cost & low carbon footprint

Featuring a lightweight plastic construction, these colourful charging carts bring laptops to wherever learning is taking place, providing a cost-effective solution to share technology among classrooms.

16, 20 & 30 Bay Laptop Storage & Recharging Carts

Innovation & design meets low cost & low carbon footprint

- Stores & Charges up to 16, 20 & 30 laptops from a single mains socket.
- Power management module which protects building circuits.
- Supplied with 2 pin and 3 pin power adaptor connecting leads for excellent cable management
- Energy saving programmable timer allows for continuous or timed charging.
- Power adaptor compartments for tidy storage and ease of use and set up.
- Suitable for laptops up to 17".
- EcoCart 30 allows continuous or timed charging for full 30 laptops or 2 sets of 15 laptops to be continuous or timed charged independently.
- Aesthetically designed vents provide a natural ventilated cycle to reduce internal heat.

Lightweight & Portable

EcoCart promotes a lightweight, high impact plastic construction which offers excellent mobility and added robustness to deal with the high demands of the modern educational environment. EcoCart is transported on heavy duty locking casters (two locking) for added stability and mobility.

Colour & Style

Available in 4 vibrant colours Blue, Red, Green & Yellow which along with its stylish design will enhance any classroom.

Easy to use, neat and tidy

EcoCart is quick & easy to set up with neat cable and power pack storage which eliminates cable spaghetti. Operation is simple via a continuous or timed charge which protects building circuits.

Low maintenance

All the electronics are housed in an easily removable power module which in the event of a problem, greatly reduces down time and costs as well as extending the life of the cart

Certification

EcoCart features a **2 year Guarantee**. As with all Bretford charging solutions, EcoCart has been fully tested and CE certified, ensuring the highest levels of electrical/build safety and complying with all the latest HSE manufacturing guidelines on electrical safety.
